

NTS School 2017

Neuroglia in Health and Disease

**May 18th & May 19th
Florianópolis, Brazil**

It is our pleasure to invite graduate students to apply for **NTS School 2017**.

The school will approach basic concepts and advanced studies investigating the role of neuroglial interactions in health and disease states.

Topics include bioenergetics, oxidative stress, glutamate metabolism, and pathophysiology of neurological diseases, as well as science career development for investigators at the early stage of their careers.

Faculty includes outstanding scientists from all over the world.

The official language of the school will be English.

To attend the school, MSc and PhD students should apply for a fellowship by sending an e-mail to **ntschool2017@gmail.com** with the following documents as one PDF file (all the documents must be written in English):

- A personal letter of intent, commenting why participation in the school will be important for their future in science;
- An agreement letter from the advisor / supervisor;
- A short CV;
- An abstract.

We strongly encourage all MSc and PhD students from the field of neurosciences to apply to this School; however, preference will be given to students whose advisor is a NTS or INA member.

Students selected to attend the school will have accommodation and meals covered by the organization.

Travel expenses will NOT be covered.

- The deadline for the applications is April 24th.

- Selected students will be notified by April 30th.

For more information, please contact **ntschool2017@gmail.com**.

We are waiting for you in Florianópolis!
