

Preliminary INA-15 Schedule
Joint Meeting with the Neurobehavioral Toxicology Society (NBTS)
Hilton Bonaventure Hotel, Montréal, Canada, June 27-July 1, 2015

Saturday, June 27

8:30-10:00: Symposium 1: Neurotoxins are in the air: Neurotoxicity of air pollution
Chairs: Lucio G. Costa and Deborah Cory-Slechta

10:00-10:30: Break

10:30-12:00: Symposium 2: Neurotoxicity of small inhaled particles; from the cradle to the grave?
Chairs: Harm J. Heusinkveld and Arezoo Campbell

12:00-1:00: Lunch

1:00-3:00: Symposium 3: The aerotoxic syndrome: tricresyl phosphate exposure assessment, neurotoxicity and alternative
Chairs: Christoph van Thriel and Remco H.S. Westerink

3:00-3:20: Break

3:20-5:00: Platform Session 1 (free oral presentations)

5:30-7:00: Soccer Game

Sunday, June 28

8:30-10:40: Symposium 4: Neurotoxicity of brominated flame retardants and the quest for safer alternatives (with NBTS)
Chairs: Paul A. Eubig and Remco H.S. Westerink

10:40-11:00: Break

11:00-12:00: Platform Session 2

11:00-11:20: Mamta Behl, National Toxicology Program, National Institute for Environmental Health Sciences, USA
Use of Non-mammalian animal models in neurotoxicology testing in the National Toxicology Program

12:00-1:00: Lunch

1:00-3:00: Symposium 5: Complementary Neurotoxicological Insights from Fish, Flies, Bees and Worms (with NBTS)
Chairs: Edward Levin and Mamta Behl

3:00-3:20: Break

3:20-4:20: Hoosma Lecture: Barbara Sahakian, Cambridge University, United Kingdom

4:30-5:30: Business Meeting

5:30-7:30 Reception (with NBTS and the Teratology Society (TS))

Monday, June 29

8:30-10:00: Symposium 6: Occupational and Environmental Toxicant-Induced Retinal/Visual System Deficits: From Man to Mice to Fish (with NBTS)

Chairs: Donald A. Fox and Dora Ventura

10:00-10:20: Break

10:20-12:00: Platform Session 3 (free oral presentations)

12:00-1:00: Lunch

1:00-2:30: Symposium 7: Environmental Toxicants and Psychiatric Disease (with NBTS)

Chairs: Tomas R. Guilarte and Lori Driscoll

2:30-3:00: Break

3:00-4:40: Symposium 8: Application of the Adverse Outcome Pathway (AOP) concept to Neurotoxicology (with NBTS)

Chairs: Anna Price and Ellen Fritsche

5:00-7:30: Posters (with NBTS and TS)

Tuesday, June 30

9-12:30: Symposium 9: Microbiomes (with NBTS and TS)

12:30-1:30: Lunch

1:30-2:20: Symposium 10: Complimentary Models Enhance the Understanding of Mechanisms Leading to Methylmercury-Induced Neurodevelopmental Effects

Chairs: Sandra Ceccatelli and Michael Aschner

3:30-10:00: Social activity

Wednesday, July 1

8:30-10:00: Symposium 11: Epigenetic mechanisms as link between early life stress/toxicant exposure and later consequences for health and behavior (with NBTS)

Chairs: Jerrold Meyer and Marcel Leist

10:30-10:50: Break

1:30-3:10: Symposium 12: David Ray Student Symposium

Chairs: Edward Levin and Christoph van Thriel

12:10-1:00: Lunch

1:00-2:30: Symposium 13: Manganese and the Brain

Chairs: Donna Mergler and Rosemarie Bowler

2:40-3:00: Break

3:00-5:00: Platform Session 4 (free oral presentations)
